

The Regional District of Kitimat-Stikine
is seeking members for the

Dease Lake Community Advisory Committee

The role of the Community Advisory Committee:

A Community Advisory Committee (CAC) is an independent body of local residents appointed by the Regional District Board, which provides input into the planning process. Members of each commission are appointed and participate on a volunteer basis. CACs are advisory in nature and as such, they do not have any direct approval, ownership, or authority over matters that are referred to them.

In their preparations and deliberations, the members of a CAC have a significant responsibility to the community. The functions of the CAC include:

- Advising the Board, when requested, on matters respecting land use, community planning, or proposed bylaws and permits. These matters can include the following:
 - Official Community Plans (drafts and amendments)
 - Zoning Bylaw amendment applications
 - Development Variance Permit applications
 - Agricultural Land Commission applications
- Listening and reporting on the community's views
- Gathering the relevant facts, information and opinions
- Raising the awareness of the Board and staff on relevant issue

The eight member Dease Lake CAC will be composed of six residents of Dease Lake, the Area Director and one appointment made by the Tahltan Band Council.
